REVENUE DEFICIT IS BECOMING ALARMING

Republicans Propose to Tax the Breakfast Table in Order to Raise Additional Revenue.

(By Tav, Special Correspondent The Daily Sun.)

WASHINGTON, March 2.—Because of the unparalleled extravagance of the Roosevelt administration Uncle Sam will probably be forced to resurrect some war-time taxes to put the finances of the Government on good footing.

During January the deficit was nearly $16,000,000. This brings the deficit thus far in the fiscal year up to $79,814,443. Official figures do not sustain the position of the Republican leaders that the increased deficit is due "entirely or chiefly" to the reduction in the national income because of slackened commercial activity. They indicate the deficit is due more to an increase of expenditure than to a decline of revenue.

During the first six months of the fiscal year, which ended last June 30, the total treasury receipts were $317,412,629. There were only $293,422,863 during the first six months of the fiscal year now current, which shows a falling off of $23,989,766. But the expenditures during the corresponding periods were $326,815,059 and $357,813,374 respectively. This is an increase of expenditure of $30,998,315, which accounts for substantially more than half of the actual deficiency.

The deficit for the present fiscal year threatens to run up to $130,000,000, and the deficit of the next fiscal year, according to Secretary of the Treasury Cortelyou, will be very close to the sum of $143,000,000. This doesn't mean that the United States Government is on the verge of bankruptcy, because the available balance on December 31, 1908, was $163,853,332. However, the financiers of the Republican party are worrying, for a few annual deficits of more than one hundred million would make quite a hole in a surplus of any size.

It was at first rumored, and now it is being stated as a certainty, that the Ways and Means Committee, which is in charge of the tariff revision, will ultimately have to recommend income and inheritance taxes in its report. Champ Clark and his associates in Democratic leadership believe income and inheritance taxes to be far preferable to imposing duties on necessities, which the Republican party would really like to do.

Representative Clark and his colleagues have been canvassing the situation with great care. If the Ways and Means Committee fails to provide for income and inheritance taxes the Democratic leader will formally move a provision for such legislation be inserted when the matter comes before the House.

Here is the program that has rather definitely been worked out by the Republican managers, to meet the revenue situation: To impose a tax of 3 cents a pound on coffee, which it is estimated would produce annually approximately $27,000,000; a tax of 10 cents on tea, producing $10,000,000; to increase from $1 to $2 the internal revenue tax on beer, per barrel, producing $60,000,000; total increase in sight, $97,000,000.

The Democrats believe the tax on the breakfast table is thoroughly unpopular with the country and wrong in principle. They also believe that the country is more than ever in favor of the income and inheritance taxes, which would call upon the people of wealth more than those who toil to give assistance in standing increased expenses of the Government.

On this issue the Democrats are ready to meet defeat on the floor of the House if necessary, and then take their case to the country in the next Congressional election. They believe that they have the Republicans hopelessly "in a hole" on the proposition. They are making plans with the utmost care, and Republicans who know what is going on admit frankly they are worried.

Not only are the Democrats looking toward the Congressional election of 1910 with the hope of carrying the House on an income and inheritance tax issue, but have the Presidential election of 1912 in mind's eye. The supreme court, it is pointed out, has undergone changes in its membership since the original income tax decision was overturned by a divided court standing 5 to 4.

The men who are making a study of the question—and it is being made by the ablest Democrats, from the political, the revenue, and the constitutional sides—believe they will succeed in framing a satisfactory measure which will be so far different from the former one as to give the supreme court ample ground for conceding something to public opinion and holding it constitutional.

Lem Wood Run Down By an Auto in Tampa

The Tampa Tribune of March 2 contains the following account of an accident to Lem R. Wood, formerly of this city:

"Stepping suddenly from the sidewalk near the Lafayette street bridge about 6:30 last night in order to board a Port Tampa car, L. R. Wood, president of the Gulf Fertilizer Company, was struck by an automobile of L. T. Trousdale and severely bruised. Mr. Wood is partially deaf, and this is believed to have been the cause of the accident, he not noticing that he was stepping directly in front of the machine, which was approaching at moderate speed and was stopped as quickly as possible. In the automobile were Mr. and Mrs. Trousdale and Chauffuer Davis, who was running it.

"Immediately after the accident Mr. Wood was taken in another automobile to the office of Dr. Adamson, shortly afterwards being joined by Dr. Helms, who is Mr. Wood's family physician. At first it was thought that several bones were broken, but a careful examination showed that the extent of the injuries were severe bruises. Later Mr. Wood was taken in an automobile to his home at South Orleans and Morrison avenue. Although at first in much pain, Mr. Wood at a late hour last night was reported resting easily.

"After the accident, Mr. Wood made a statement to Mr. Trousdale and to the police which completely exonerated Mr. Trousdale and his chauffuer. Under these circumstances, Mr. Trousdale's chauffuer was not placed under arrest, and there is no break in the cordial relations existing between the two men."

BURGLARS ARE BUSY IN THE BRICK CITY

OCALA, March 2.—The Globe store was entered some time Sunday or Sunday night and was robbed of merchandise which will run into several hundred dollars; the exact amount will probably not be known for several days. On opening the store Monday morning Mr. Goldman found the stock in great disorder and discovered that thieves had paid him a visit.

Mr. Goldman believes that there must have been one of the gang in the store when he closed up Saturday night, as none of the doors or windows were broken open. The thieves proved good judges in picking out their suit cases in which they carried off their plunder, taking cases which were worth $12 each. In addition to clothing and other wearing apparel the intruders secured eight watches, which were valued at $200.

Seven dollars which were left in the cash register for change were not touched.

The authorities are making a diligent search for the culprits.

An immense ape, standing almost five feet high, is among the curiosities brought here on the British steamer Venus, which came from South Africa with a cargo of mahogany. It was secured by the master from the natives on the gulf coast of Africa, and had been a pet among them for a number of years, and is consequently very well educated along the lines of imitating a person. On the voyage over the ape kept in the captain's cabin, where it was first placed, but since the ship has been moored alongside the wharf, it has come out and roams the deck of the vessel. While monkeys, parrots and such are frequently brought to this port from foreign countries on vessels, the ape brought in on the Venus is the first known to have come to this port in the last twenty years. The master will not leave the animal here, but intends keeping it aboard the vessel.—Pensacola correspondent Times-Union.

TAFT IS RELIEVED OF APPOINTING A NEGRO

Dr. Crum Tenders His Resignation as Collector of Customs at Charleston, S. C.

CHARLESTON, S. C., March 2.—With the resignation of Dr. William D. Crum as collector of customs at this port, the resignation to take effect March 4, a situation which threatened to cause President-elect Taft considerable embarrassment is avoided. No appointment made by President Roosevelt during either of his administrations has given rise to as much discussion as that of Dr. Crum, whose appointment as collector at Charleston was vigorously opposed because of the fact that he was a negro. A long and hard fight against his confirmation was made by Senator Tillman and others when he was named for the position by President Roosevelt in 1903, and within the last few weeks, following his reappointment, Senator Tillman conducted a successful filibuster against his confirmation by the Senate.

Dr. Crum says that no pressure has been brought to bear upon him now to cause him to resign, but that he does so in part because he wishes to save Mr. Taft for whom he entertains great respect, from any possible embarrassment as to his re-appointment, and chiefly because he feels that he has been especially identified with President Roosevelt's administration and he wishes to retire with his chief. In his letter to President Roosevelt, after thanking the President for appointing him six years ago and for renominating him recently for a second term, he says:

Successful Administration.

"Since assuming the duties of this position I have striven diligently to justify the confidence imposed in me. During all these years, so far as I know, not a single charge has been brought against my moral character or a single adverse criticism in regard to the performance of my official duties. I wish further to add that those employed in this office under me, composed of both races, have been at all times courteous, kind and interested, and we have all worked together to make the office work successful and satisfactory.

"When I became collector of this port the annual receipts of the office were scarcely $20,000. I am glad to say that they have shown a flattering increase each year, the total for the fiscal year 1908 being almost $71,000, and for the first eight months of the present fiscal year are more than $30,000. I do not claim credit for this increase in business; much of it would have been brought about through the natural growth of the port, but cite these facts to show that I have striven in every way possible to increase the usefulness of the office and the position which I hold.

"Before closing I feel that I should add that during all these years I have been treated with kindness and courtesy by all those who have had official business with the office, and have not had unpleasant contact with anyone in the city.

"In conclusion permit me to thank you again for the trust imposed, and to wish you, as you end your official career, a hearty Godspeed and long life."

Statewide Prohibition in the Arkansas House

LITTLE ROCK, Ark., March 2.—The Gann bill providing for statutory State-wide prohibition, passed the House yesterday afternoon by a vote of 53 to 27. So great was the demonstration and general confusion which followed that the House abandoned any attempt to continue further business and adjourned.

The passage of the bill followed the rejection of the Simpson substitute bill, providing for submission, which was lost by a vote of 44 to 35.

After the passing of the bill, Mr. Ard of Jackson introduced a bill to prohibit the manufacture or sale of soda water and other soft drinks.

The Gann bill provides that liquor may only be sold by druggists for such purposes as art, mechanical, medicinal and similar use, and that wines may be sold to churches for sacrament.

A spirited contest in the Senate is promised when the bill is taken up by that body.

WALTER DAMROSCH.

Big Crowd Expected at the Spring Musical Festival.

The fact that Walter Damrosch and the New York Symphony Orchestra are going to be in Jacksonville on April 19th and 20th for the purpose of supporting the Jacksonville Choral Society in their spring festival has created enthusiasm wherever music lovers have read the good news in The Sun.

It is only three weeks ago that the contract was signed which brings the famous leader and orchestra, with four celebrated soloists, to Jacksonville, yet, judging from the information sent up by Mr. T. T. Elmore, the secretary of the Choral Society, the demand for seats already has broken the brunt of the enormous expense the engagement entailed.

There will be four concerts: Monday, matinee and night; Tuesday, matinee and night. The huge chorus of two hundred and fifty voices will be heard in Tuesday night's big program when Haydn's favorite oratorio, "The Creation," will be given, soloists, orchestra and Choral Society taking part.

A special rate of only $5 is being made for the entire series of four concerts—for one concert, $2. Each concert will be the highest grade of talent that has ever appeared on one platform in Jacksonville, without a single exception.

It will be wonderful, and as the divine instruments begin to cast their spell over the vast audience we are sure that all of those of our readers who make the trip to Jacksonville for this festival will pronounce it "worth while."

Immediate application for seats should be made as the prospective facilities are being taxed. Full particulars appear in our advertising columns.

AGED WHITE MAN IS KILLED IN A CAMP

WAS CONVICTED AT GREEN COVE SPRINGS OF VAGRANCY.

Alleged That He Attempted to Kill the Guard With What Is Known as a "Puller."

Deputy Sheriff L. E. Story states that an aged white man, presumably about fifty years or more old, was killed near Windsor the latter part of last week while he was out with the "gang" in the woods.

The deputy states that this is the second occurrence of the kind in that particular section and that invariably the crew working where a case of this kind occurs leave for other fields.

It is stated that the old man had made an attempt to kill the guard and was in the act of drawing a "puller" on him when the fatal shot was fired that ended his life.

The prisoner was sent up from Green Cove Springs on a charge of vagrancy for a term of six months, but had only served a short while when he was shot, the entire load of buckshot having been placed in his stomach, tearing a large hole from which his entrails protruded.

Howell, of Howell's American School, Havana, Cuba. "On the night of February 3rd our baby was taken sick with a very severe cold; the next day was worse and the following night his condition was desperate. He could not lie down and it was necessary to have him in the arms every moment. Even then his breathing was difficult. I did not think he would live until morning. At last I thought of my mother's remedy, Chamberlain's Cough Remedy, which we gave, and it afforded prompt relief, and now three days later, he has fully recovered. Under the circumstances I would not hesitate a moment in saying that Chamberlain's Cough Remedy, and that only, saved the life of our dear little boy." For sale by all druggists.

Do Children Need Alcohol?

Ask your doctor how often he prescribes an alcoholic stimulant for children. He will probably say, "Very, very rarely." Ask him how often he prescribes one for them. He will probably answer, "Very, very [illegible]." Then ask him about Ayer's non-alcoholic Sarsaparilla [illegible] for the young.

J. C. Ayer Co., Lowell, Mass.

You Are Invited to Visit This Place.

This is a view of the laboratory in Lynn, Mass., in which Lydia E. Pinkham's Vegetable Compound is made.

There is a sign 5 feet long and 2½ feet wide attached, permanently, to the front of the main building which reads as follows:

Public inspection invited—from 8 A.M. to 4 P.M.—Lydia E. Pinkham Medicine Co.

What does this sign mean?

It means that public inspection of the laboratory and methods of doing business is honestly desired. It means that there is nothing about the Pinkham business which is not "open and above-board."

It means that a permanent invitation is extended to anyone to come and verify the statements made in the advertisements of Lydia E. Pinkham's Vegetable Compound.

Is Lydia E. Pinkham's Vegetable Compound made exclusively from roots and herbs?

Come and See for Yourself.

Do the women of America continually use as much of it as we are told?

Come and See for Yourself.

Was there ever such a person as Lydia E. Pinkham, and is there any Mrs. Pinkham now to whom sick women are asked to write?

Come and See for Yourself.

Is the vast private correspondence with sick women conducted by women only, and are the letters kept strictly confidential?

Come and See for Yourself.

Have they really got letters from more than a million women?

Come and See for Yourself.

Have they proof that Lydia E. Pinkham's Vegetable Compound has cured thousands of these women?

Come and See for Yourself.

This advertisement is only for doubters. The great army of women who know from their own personal experience that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for female ills will still go on using and being benefited by it; but the poor doubting, suffering woman must, for her own sake, be taught confidence, for she also might just as well regain her health.

The Electric Theatre.

New moving pictures every afternoon and evening except Sunday.

"Dandy Dixie Minstrels."

The "Dandy Dixie Minstrels," the most successful of all colored shows, will be the attraction at the Baird Theatre tomorrow night.

This company comes with the highest marks of public approval. It enjoys the distinction of being the first and only colored minstrels to appear at the two-million-dollar New York Theatre, built by Oscar Hammerstein, and now owned by Messrs. Klaw & Erlanger, and where it scored a phenomenal hit.

It is the only colored minstrel show permitted to appear at the Manhattan Beach Theatre, New York, where it attracted brilliant audiences during mid-summer. It is universally popular and its tours cover every section of the globe, and they are so prolonged that the season is a perpetual, never-closing one.

In its ranks are to be found the most talented negro singers, dancers and musicians in the world, which include Billy Kersands, the best of all genuine negro minstrel men; Campbell & Meaux, character impersonators; Jim Crosby; Prince, the hoop wonder; Manzy Campbell; Buddy Jones; Monroe Tabor; Bass Woodson, the basso from Borneo, and Alonzo Montgomery, the black Creatore, who leads the Dandy Dixie's famous Cotton Pickers' Band.

Prices 35, 50 and 75 cents. Reserved seats go on sale today at the box office.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

The Magnet as a Detective.

In America the magnet has come rather extensively into use in the handling of iron and steel castings. Suspended from a locomotive crane, it can also be used for collecting scraps of metal from floors and yards. Large amounts are said to be saved in this way. And as the magnet moves over the ground it may bring to light pieces which have mysteriously disappeared—concealed, it may be, by employees to hide blunders in their work. Some years ago in England the magnet was found useful in a somewhat similar way in the detection of fraud. Manufacturers of bone manure found that they were buying old iron along with the bones. Collectors found that it was profitable to insert bits of old metal in the larger bones and thus increase the weight. So the manufacturers provided themselves with a powerful magnetic apparatus under which all the bones were passed before being weighed. As the bones were slid along a broad groove a large one would suddenly jump up and cling to the wall where the magnet was concealed. On examination it would be found to contain perhaps a rusty old poker in place of marrow.—London Globe.

Unequaled as a Cure for Croup.

"Besides being an excellent remedy for colds and throat troubles, Chamberlain's Cough Remedy is unequaled as a cure for croup," says Harry Wilson, of Waynetown, Ind. When given as soon as the croupy cough appears, this remedy will prevent the attack. It is used successfully in many thousands of homes. For sale by all druggists.

A Squid in Hawaii.

In discovering the failings or eccentricities of a person Hawaiians not only show perspicacity, but an aptness in applying a nickname to the one possessing such characteristics. The politician who changes his faith too often is called a squid (octopus). One species of this animal is caught by the aid of a torchlight in shallow water. While a bag net is held some distance in front of it, so that it can conveniently run into it and be caught, it is prodded behind by the fisherman's foot. Sometimes the squid will go directly into the trap, but often it will run forward, with every indication of being enmeshed, to a point within two feet of the net, when it will suddenly turn about and go back to its starting place. Then it is likely to describe a right, left or oblique angle, always contrary to the fisherman's desire. So in Hawaiian metaphor the politician or candidate who switches from the straight track is a squid.—"Paradise of the Pacific."

An Obliging Caller.

When M. Clemenceau was in the French chamber of deputies he became for some reason the idol of the workingman, but his popularity, according to the course of nature, brought its penalties. He was besieged by all sorts of people, who came merely to ask questions, and sometimes they were questions of the most trivial sort.

He was originally a doctor and used to give advice for nothing at certain hours of the day. One morning a workingman entered his room, and Clemenceau said without looking up from his writing:

"Take off your coat and shirt. I'll attend to you directly."

Three minutes later he found the man had stripped to the waist.

"There is nothing the matter with you," said the doctor when he had made an examination.

"I know there isn't," returned the man.

"Then what did you come for?"

"To consult you on a political question."

"But what did you strip for?"

"I thought you wanted an illustration of the emaciated body of the man who lives by the sweat of his brow."

The political question remained unanswered. M. Clemenceau was too exasperated to do more than tell the man to dress and go home.

A Quick Response.

Mrs. Jones (a suffragette)—I don't ask special privileges, Mr. Jones. What I do ask is that you, for example, a man, should treat me exactly as you would another man. Instead of talking small talk and treating me like a thing to be protected, and all that, assume toward me the attitude you do to Mr. Warrington. Treat me like a good fellow. Mr. Jones (quickly)—Why, certainly, old chap. Lend me a fiver, will you?—London Graphic.

Use For Uniforms.

NASAL CATARRH

J. W. McCollum & Co. Sell the Great Remedy That Cured Mrs. Karberg.

Here is a very simple yet wholly sincere statement of a Michigan woman, who was cured by using Hyomei—the no cure no pay remedy for catarrh, asthma, hay fever, croup, cough and colds:

"A bad case of catarrh was cured for me by the use of Hyomei. The trouble affected my head, nose and eyes, and was very annoying and disagreeable, and the cure, from the use of Hyomei, was very gratifying. Hyomei has from me a strong recommend and endorsement."—Mrs. E. Karberg, 213 Kingsley street, Ann Arbor, Mich., Nov. 16, 1908.

Thousands of just such letters are in existence, and thousands more would be but for the desire to avoid publicity. If you have catarrh, bestir yourself, and drive it out of your system. Kill the germs. You can do that easily if you use Hyomei (pronounced High-o-me.)

It is a dry, antiseptic and very pleasant air, that when inhaled quickly relieves all forms of catarrhal inflammation, stops snuffles, hawking and blowing. The price for a complete outfit, including inhaler, is only $1.00 at J. W. McCollum & Co's., corner E. Main and Union streets.

Mr. Roosevelt was mighty glad to see that fleet of "hisn."

For the time being everybody has forgotten John D. Rockefeller.

Two days ahead of scheduled time. The battleship fleet is a wonder.

No reports come of Mr. Pulitzer being afflicted with palpitation of the heart.

Texas is to have a humming-bird reservation. This looks like a direct bid for a Taft visit.

Mr. Delavan Smith says he won't come to Washington to answer the libel charge, so there now.

Senator Bailey refuses to resign, and says he will stick till he dies. You can't scare a Senator out of his job.

An exhibition of the works of Missouri artists is to be held in New York. These Missourians insist upon being shown.

Boston calls Dr. Edward Everett Hale "the chaperon of the Senate." The Senate needs a chaperon. It "shure" do."

If it takes only $1.80 worth of wool to make a $50 suit of clothes it might be a good idea to get out the old looms and return to homespun.

Whenever Congress feels tempted to view the growing treasury deficit with alarm it can point with pride to the reduction of the next Secretary of State's salary.

Senator Knox is the only man ever practically elected to a Cabinet office by both houses of Congress, but a century ago Secretary Gallatin was practically elected by the Senate to remain in the Cabinet.

The Texas Legislature has before it a bill forbidding profanity over the telephone. If the long distance of the sweet-voiced telephone girl cannot prevent eruptive language mere law will be but a vain vexation of spirit.

The political value of the world cruise of the American fleet is something concerning which opinions will vary, but there can be no two opinions as to the success of the voyage in demonstrating the quality of the ships and the admirable seamanship and discipline of the navy. From all accounts both officers and men have worthily upheld the best traditions of the service and their conduct when in the ports of the different countries visited won the fullest praise of their hosts.

It is well known that medical men do not prescribe alcohol for patients to nearly the extent they did years ago. A peculiar instance of this is seen in the Wandsworth Union, the largest poorhouse and dispensary in London. In 1876 the 1,416 inmates cost the authorities $2,400 for alcohol and $2,110 for milk. In 1908 the milk bill for the 5,541 patients was $6,735 while that for alcohol had fallen to $9. Of course the British physicians used to prescribe liquor more freely than Americans, but that only makes the change more noteworthy.

HUNTING ON ENCLOSED LAND.

The Sun is requested by a subscriber near this city to publish the law against hunting and fishing on enclosed premises, complaining that a gentleman residing in Gainesville recently entered his field with his gun and dogs, and when he (the owner) protested he was politely informed that if he objected to hunting in his field he should post the same. It seems that the sportsman knew what he was talking about, and all farmers who object to hunting on their lands should post the same. All that is required is three signs bearing the inscription: "No hunting (or fishing) allowed on these premises," signed by the owner or agent.

Following is the law our friend requests us to publish, which is taken from the General Statutes of Florida:

"3404. Entry On Enclosure to Hunt or Fish—Whoever wilfully and with the view of trespassing enters any enclosure of another, where crops or fruit of any kind are cultivated, without permission of the occupant previously obtained, or, without such previous consent of the owner or occupant, enters upon the enclosed lands of another to hunt or fish, shall be punished by imprisonment not exceeding sixty days or by fine not exceeding fifty dollars.

"Ten days' notice by poster to be posted at at least three different and conspicuous places around the enclosure, shall be given by parties wishing to avail themselves of the benefit of this section."

AN EYE TO BUSINESS.

The management of the Mid-Winter Exposition at Jacksonville certainly have an eye to business. In exchange for voluminous notices they honored the editor of The Sun with a ticket of admission to the exposition, but upon the only occasion he desired to use the same he was politely informed that "passes" would not be honored. It is not the $2 that the editor and his son had to pay to see the fake collision of the two locomotives at Jacksonville that makes us "sore," but the principle of the thing, and it was not our intention to refer to the matter until we learned that the Jacksonville newspaper men, or at least some of them, were admitted on "passes," and we only do it now that our brethren of the country press may be advised to require all press tickets hereafter accepted by them from Jacksonville promoters to contain the words: "Good upon all occasions." And, inasmuch as the management of the exposition at Jacksonville last year failed to pay their advertising bills, it is also advisable to require payment in advance for such contracts, especially as the present management have thus far also failed to even acknowledge the receipt of our bill for work done.

CURRENT COMMENT.

The Norfolk Virginian-Pilot (Dem.) says: "Mr. Bryan has scarcely emerged from the castigating hands of his enemies before he finds courage to declare himself (for the fourth time) in the hands of his friends. He loves a beating so well that his name deserves to be added to the old English category of 'The dog, the woman and the hickory tree.'"

The New York Post says: "If Mr. Franklin MacVeagh is to be Secretary of the Treasury, Mr. Taft's cabinet will contain two life-long followers of the Democracy, who will now, when well on in years, change their party affiliations. Thus he will go Mr. Roosevelt one better; whereas Mr. Roosevelt has only one Democrat, Luke Wright, Mr. Taft will have Dickinson and MacVeagh. Looked at from one point of view, this is masterly political strategy. To rob your opponents of some of their best men by giving them office, disarms an enemy, if it does not make an enthusiastic adherent."

The New York Times says: "The tariff is not treated as a great public measure, but as a congeries of jobs. That, in its origin, its purpose, and its development, is what it is. The present majority of the Ways and Means Committee has shown some disposition to handle it in the public interest, but it cannot escape the tyranny of custom based on greedy and organized private interests. The tyranny can be broken down only by the force of a definite, intelligent, and general public sentiment, effectively represented at Washington. The next half year will show whether this is to be attained."

The Springfield Republican says: "In condemning the part played by the President in the absorption of the Tennessee Coal and Iron Company by the United States Steel Corporation, the Senate subcommittee occupies unassailable ground. It was no business of his to allow or disallow the transaction, and in assuming to say what the corporation might and might not do he was far exceeding his constitutional powers. But when the committee goes further and undertakes to decide that the laws of Congress have been violated by the big corporation, the question arises whether it is not also assuming a position as untenable as that of the President. Whether the anti-trust or other law was violated by the corporation in that transaction is a matter for the courts to decide on prosecution by the administrative authorities, and not a matter for either the President or Congress to dispose of."

Act Quickly

and you will save yourself a lot of suffering and trouble. If you have a sudden chill—or take cold—if you have colic, cramp or diarrhoea, don't wait a minute. Take at once a teaspoonful of Perry Davis' Painkiller in a half a glass of hot water or milk. You'll be safe and on the right road to quick recovery. Then you'll escape serious illness. But you ought to have this tried and proven remedy on hand for immediate use. Being prepared is half the battle when there's pain to subdue. New size bottles 35c., also in 50-cent sizes.

GAINESVILLE,

—THE—

University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Paine's Prairie, the Devil's Mill Hopper, Warren's Cave, and Lake Newnan, all of which are reached by private conveyance.

Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit a few of them in the following enumeration of what

Gainesville Has:

One artist.

FOUR BOXES.

An Effective Quartet of Great Governing Powers.

"The world is governed by three boxes," said an American wit of a century ago, "the cartridge box, the ballot box and the bandbox."

Between the first two of these great governing powers no one questioned the natural alliance, but that the sex whose box was the bandbox should also claim a right to use the ballot box was in his day undreamed of. Half a century later, during the civil war, Horace Greeley, the famous editor, held the old opinion.

"Madam," he said bluntly at a public meeting to the pioneer suffragist, Elizabeth Cady Stanton, "the bullet and the ballot go together. If you want to vote, are you ready to fight?"

"Certainly, sir," replied the quick witted lady, to the delight of the audience. "I am ready to fight just as you have fought—with my pen."

Not all the early women suffragists would so readily have countenanced warfare, even in jest, for a notable number of them were Quakers or of Quaker ancestry, to whom force was abhorrent. In the Society of Friends the rights of men and women have been always absolutely equal, so that, as Lucretia Mott declared, it seemed but natural to wish to counsel and act with men everywhere on even terms, as she had always done in Nantucket.

One Quaker philanthropist, Abby Hopper Gibbons, who had never been identified with the "woman's rights" women, yet acknowledged with demure humor that, although she talked little about her rights, she had "been in the habit of always taking them" when she could.

Once, however, she failed to take a very important one when she was summoned to do so. She had a singularly bold and firm handwriting, easily mistaken for a man's, and often signed business communications simply A. H. Gibbons, so that she one day found herself, as a citizen and a taxpayer, imperatively required, in the name of the law, to furnish reasons why she should not serve as a juror.

"I know of none," she wrote serenely at the foot of this formidable document and sent it back. But the official who read this apparently impertinent response must have investigated the record of his correspondent and found a reason, for A. H. Gibbons, householder of New York, was excused from service in that fourth box, so important in civilized communities—the jury box.—Youth's Companion.

Simple Remedy for Lagrippe.

Lagrippe coughs are dangerous, as they frequently develop into pneumonia. Foley's Honey and Tar not only stops the cough but heals and strengthens the lungs so that no serious results need be feared. The genuine Foley's Honey and Tar contains no harmful drugs and is in a yellow package. Refuse substitutes. J. W. McCollum & Co.

Hard to Choose.

"Whom would you rather entertain," asks the philosopher of folly, "a perfectly stupid bore or a clever fellow who has just been abroad for the first time?"—Exchange.

The acts of this life are the destiny of the next.—Eastern Proverb.

HAPPY WOMEN

Plenty of Them in Gainesville, and Good Reason for it.

Wouldn't any woman be happy,
After years of backache suffering,
Days of misery, nights of unrest,
The distress of urinary troubles,
She finds relief and cure?

No reason why any Gainesville reader

Should suffer in the face of evidence like this:

Mrs. John Smith, 307 E. Magnolia street, Gainesville, Fla., says: "I suffered from a weak back and severe pains in my sides for a long time. I could not stoop without experiencing sharp twinges through my body and if I did so it was difficult to regain an erect position. I was also subject to headaches and at times was very nervous. When I saw Doan's Kidney Pills so highly recommended for these troubles, I procured a box and began their use. In a short time I felt much better. The pains lost their severeness and I gained in strength. I consider Doan's Kidney Pills an excellent remedy and am pleased to recommend them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

CURED ITCHING PAINFUL HUMOR

Which had Spread Over Face, Body and Arms—Swellings were as Large as a Dollar—When they Broke, Sores would Not Heal—Suffered 3 Years.

MADE SOUND AND WELL BY 3 SETS OF CUTICURA

"My trouble began about three years ago with little black swellings scattered over my face and neck. They would disappear but they would leave little black scars that would itch at times so I couldn't keep from scratching them. Larger swellings would appear in the same place and they were so painful I could hardly bear it and my clothes would stick to the sores. The first doctor I went to said the disease was scrofula, but the trouble only got worse and spread. By this time it was all over my arms and the upper part of my body in big swellings as large as a dollar. It was so painful that I could not bear to lie on my back at night. The second doctor pronounced my disease inflammation of the lymphatic glands. He stopped the swellings, but when they would break the places would not heal. He tried everything that he could but to no effect. He said I might be cured but it would take a long time. I bought a set of the Cuticura Remedies and used them according to directions and in less than a week some of the places were nearly well. I continued with the Cuticura Remedies until I had used three sets, and now I am sound and well. The disease lasted three years from the time it commenced until I was cured. Before Christmas something broke out on my seven year old brother's hands in the form of large sores. I tried everything I could think of but to no effect until I happened to think of Cuticura and one application cured him. Also, not long ago, my sister got a bad burn on her ankle. I have been using Cuticura on that and it gave her scarcely any trouble. O. L. Wilson, Puryear, Tenn., Feb. 8, 1908."

Warm baths with Cuticura Soap, gentle anointings with Cuticura Ointment and mild doses of Cuticura Pills, afford immediate relief and point to a speedy cure of torturing, disfiguring humors of the skin, scalp and blood of infants, children and adults, when all else fails.

Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin and Cuticura Resolvent (50c.), (or in the form of Chocolate Coated Pills, 25c. per vial of 60) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

A Story of Father Mathew.

"Father Mathew was the most loving and lovable of human beings," and in the light of this statement found in a biography of the famous Irish priest by Mrs. Katherine Tynan Hinkson two incidents of his crusade for temperance in the north of Ireland should be read.

At Clones, in Ulster, there were two Orange flags raised when he visited it. Instead of considering it as an insult, he thought it a very great compliment, never having seen one or been honored with one before. When he saw them he called for three cheers for the Orange flag. Commenting on this, an Irish writer says:

"A Catholic priest calling for a cordial salutation of the Orange banner and a Catholic assembly heartily responding was something almost inconceivable. It had never occurred before in Ireland. I'm afraid it has never occurred since."

For the time being there were good will and friendly feeling from one end of Ulster to the other. One recruit who knelt for Father Mathew's blessing said:

"You wouldn't be blessing me if you knew what I am."

"And what are you, my dear?" Father Mathew called men, women and children "my dear."

"I am an Orangeman, your reverence."

"Why, God bless you, my dear, I wouldn't care if you were a lemon man!"
